CALL FOR PAPERS

ISPS 2009

9th International Symposium on Programming and Systems

May 18-20, 2009
Aurassi Hotel, Algiers, Algeria
http://www.isps2009.org

Conference Chair
Zaïa ALIMAZIGHI, USTHB University

Program Committee Chair
Slimane LARABI, USTHB University

Organizing Committee Chair
Latifa Mahdaoui, USTHB University

Paper submission
All submissions will be handled electronically and posted on the conference website in PDF format. Submissions must be anonymous, limited to 8 pages and written in English language. Detailed instructions are available in the website.

Review Process and Proceeding edition
All papers submitted to ISPS2009 will be reviewed by three reviewers. Papers that have been conditionally accepted will be reviewed again after re-submission. Accepted papers will be published in the symposium proceedings and distributed at the conference.

General Information
For more information about the ISPS2009 conference please visit the web site at:
http://www.isps2009.org

Important dates
Submission of full paper: January 16, 2009
Notification of acceptance: March 6, 2009
Camera-ready paper: March 16, 2009
Registration: April 3, 2009

SCOPE
Following the International Symposium on Programming and Systems, the 9th in the series will be organized by the Computer Science Department of the University of Science and Technology HOUARI BOUMEDIENNE (Algiers, ALGERIA) and will be held in Algiers, May 18-20, 2009.

ISPS’2009 is dedicated to bring together scientists from the world over, particularly from developing countries, to share and exchange knowledge, experience and most recent developments in computer science research. This ninth conference will be organized in three parallel tracks with three separate lecture committees: “Artificial intelligence”, “Software Engineering, Database and Information Systems” and “Systems and Networks Communications”.

ISPS’2009 conference invites paper submissions presenting original work within a range of topics (not limited) related to three main tracks:

Track 1: Artificial intelligence
- Artificial intelligence: Theoretical foundations
- Machine learning
- Data mining
- Pattern recognition
- Computer Graphics, Vision and Image Analysis
- Nature-Inspired Computing

Track 2: Software Engineering, Database and Information Systems
- Software Engineering
- Knowledge Representation, Retrieval and Engineering Tools
- Software Architecture, Maintenance, Evolution
- Data Warehouses
- Information Retrieval and Database Systems
- Metadata and Semantic Web
- Verification and validation of systems

Track 3: Systems and Networks Communications
- Distributed Systems
- Wireless networks
- High speed networks
- Mobile and Ad-hoc networks
- Security systems
- Multimedia communications system
# Program Committee Chair: Prof. S. Larabi, USTHB University, Algeria

## Artificial Intelligence Track

### Program Committee

Co-Chair: Prof. A. Mokhtari, USTHB University, Algeria
